

Ananya Gupta

ITALICPLACEHOLDER0

1. Student Information

- *BOLDPLACEHOLDER0* Ananya Gupta
- *BOLDPLACEHOLDER0* ananya.gupta06@gmail.com

2. Overall Assessment

Ananya Gupta demonstrated solid foundational knowledge during the interview session. The overall performance reflects good potential with clear avenues for structured growth.

3. Interview Performance Summary

BOLDPLACEHOLDER0

- *BOLDPLACEHOLDER0* Highly knowledgeable and curious. Good potential for academic research./10

4. Technical Strengths

- *BOLDPLACEHOLDER0* Strong analytical skills and good subject knowledge
- Strong grasp of fundamental programming concepts and syntax.

5. Areas for Technical Improvement

- *BOLDPLACEHOLDER0* Can improve research paper writing and presentation skills.
- Would benefit from deeper practice in complex problem decomposition under timed constraints.

6. Communication & Soft Skills Assessment

Communication was respectful and cooperative. Focus on structuring technical responses using clear frameworks (e.g. Context -> Solution -> Impact).

7. Interview Behaviour & Observations

- *BOLDPLACEHOLDER0* "Highly knowledgeable and curious. Good potential for academic research."

8. Key Areas Needing Focus

- Structured problem analysis before coding.
- Systematic testing of edge cases.

9. How to Improve Each Area

- *BOLDPLACEHOLDER0* Solve 2-3 targeted algorithmic problems daily with timer.
- *BOLDPLACEHOLDER0* Practice explaining solution approach out loud before writing code.

10. Recommended Practice Topics

- Arrays, Strings, and Hash Maps.

- Basic Tree and Graph traversals.

11. Actionable 30-Day Improvement Plan

- *BOLDPLACEHOLDER0* Focus on core data structures and time complexity analysis.
- *BOLDPLACEHOLDER0* Practice mock technical interviews focusing on clear communication.

12. Suggested Action Items for HR / Mentors

- Provide candidate access to problem practice platform.
- Schedule follow-up mock evaluation in 30 days.

13. Final Encouraging Words

You have a great foundation, Ananya Gupta! Dedicated practice over the next few weeks will significantly boost your technical interview confidence. Keep pushing forward!
